We would like to inform you about the processing of students' personal data when cooperating with relevant services within the school community (i.e. canteen, bus, extracurricular activities, after-school care) for which the Parents' Association of the European School Munich accepts registrations. In order to ensure the smooth running of the services and the safety and well-being of the members of the school community, the school is required by Article 15 of the General School Regulations to cooperate closely with the Parents' Association of the European School Munich. In order to comply with this mandate, there may be situations which require the processing of personal data. This may involve, for example, cross-checking the canteen or bus lists or determining a child's whereabouts in the after-school care or in courses of extracurricular activities.

Responsibility for the processing of data lies with the school. This applies to students who are registered for the relevant services within the school community.
